**SUBJECT: Release of the Online National Electronic Injury Surveillance  
System (ONEISS) version 4.0**

---

The National Center for Disease Prevention and Control (NCDPC), National Epidemiology Center (NEC), and Information Management Service (IMS) have undertaken the revisions and improvements on the existing Online National Electronic Injury Surveillance System (ONEISS) and the Patient Injury Form based on the comments gathered from the previous trainings and conferences. Thus, the release of the updated **Patient Injury Form** and **ONEISS version 4.0** shall be effective December 03, 2012.

Additional data sets and improved system validations are the main features of the updated system. The system can be accessed and the updated Patient Injury Form can be downloaded via the same uniform resource locator: **[http://uhmis1doh.gov.ph/doh\\_neiss](http://uhmis1doh.gov.ph/doh_neiss)**.

Dissemination of the information to all concerned is requested.
